LinkedIn: https://www.linkedin.com/in/shadmaan-ansari

Web developer with real-world project experience and a flair for building clean, responsive, and functional interfaces. Seeking opportunities to scale impactful products.

PROJECS

Meme Token Landing Pages – UK Clients
Crafted modern, animated, and responsive landing pages for UK-based Web3 clients. Focused on speed, SEO, and mobile-first experience.

College Event Management System –
Developed a complete admin dashboard for college fests — included event CRUD, real-time registration stats, and user access control. Stack: React, Node.js, MongoDB.

Portfolio Website –
Interactive personal website with scroll animations, transitions, and mobile optimization. Built using vanilla JS, GSAP, and CSS magic.
